

Dear Parents and Children of Agios Tychonas Primary School

On behalf of the school staff I would like to greet you all and wish you a healthy and successful academic year 2020-2021. During this Year we are dedicated to apply a curriculum based on the National Cypriot Primary Curriculum and also to apply diverse learning for the foreign language students. The curriculum we offer is diverse and we are as committed to promoting the Arts as we are to the Sciences, the Social Sciences and to Mathematics. All subject areas are as much valued as the students who wish to study them.

Furthermore, during the pandemic of Covid19, school has the responsibility of following the hygiene protocol, designed and distributed by the Cypriot Ministry of Education, Civilization, Youth and Sports. Unfortunately, this year parents are restricted from visiting school, unless it is emergency and we invite them to communicate with teachers via telephone and viber community groups organized by classroom teachers. In case of emergency situation (e.g., lockdown); distance learning through Microsoft Teams will be applied to all learners.

Yours sincerely

The Headmistress

Dr. Eleni Kyratzi
